**3 CEUs for CT Certified  
Forest Practitioners**

Logger Rescue is a nationally recognized and awarded safety training program. Logger Rescue offers training in all aspects of Logger education. Founded in Berlin, NH, in 1987 to meet the needs of the forest products industry and for those Companies that have to comply with the OSHA standards.

Advanced Logger Rescue is a program that teaches all participants how to handle an “in woods” rescue from the time a person has not arrived home until they are at a Level I Trauma Center.

This course will better prepare you and your crew in how to find the victim, as well as how to activate the EMS system and affect the rescue.

**\*\*Participants need hard hats,  
steel toe boots,  
and cold weather gear \*\***

# Dana Hinkley

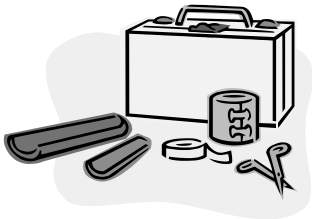

Dana retired from the Berlin, NH Fire Dep't after 20 years of full time Fire & EMS experience. He retired as a captain specializing in heavy rescue.

Dana grew up in the small logging community of Magalloway, Maine. He has worked in the logging business with his Dad for 35 years.

Dana has taught his courses in Maine, Vermont, New Hampshire, Connecticut, Massachusetts, New York, Arkansas, Oklahoma, North Carolina, and several provinces in Canada.

Dana has trained hundreds of loggers, foresters, and industrial specialists in both Basic Logger Rescue and Advanced Logger Rescue.
